

SKR & SKR Govt. College for Women, Kadapa.
(Autonomous)
Re-accredited with 'B' Grade by NAAC
Y.S.R. Kadapa District – 516001, Andhra Pradesh, India.
Affiliated to Yogi Vemana University

2.2.1 Catering to student diversity

2.2.1. The institution assesses the learning levels of the students after admission and organizes special programs for advanced and slow learners.

Assessment Method:

The Government of Andhra Pradesh has introduced a centralized online admission process through APSCH–OAMDC. Students are admitted into various programs based on their Intermediate marks and reservation policy. As a result, each class comprises a **heterogeneous group of learners**.

Classes for newly admitted students commence in a phased manner. The institution conducts a **Student Induction Program (Deekshaarambh)** to assess students' learning levels, background knowledge, and learning styles. At the beginning of every academic year, the Principal issues a circular assigning **mentors** to students. Mentors provide personal guidance and continuously assess students' learning levels based on their previous and current academic performance.

The institution adopts multiple strategies to ensure an effective teaching-learning process:

- Continuous assessment through internal examinations
- Classroom interaction and participation
- Periodic evaluation of academic performance

Students scoring below 50% are categorized as **slow learners**, while others demonstrating higher competence are identified as **advanced learners**. Based on this assessment, appropriate corrective measures are implemented. **Parent-Teacher Meetings** are also conducted to communicate student progress and gather feedback from stakeholders.

Special programs organized for advanced learners:

The institution encourages advanced learners to excel through the following initiatives:

- Encouraged to present seminars on key topics and support peer learning
- Participation in International, National, and State-level seminars/workshops

- Enrollment in certificate courses offered by departments
- Engagement in field visits and research-oriented projects, with guidance for publication in ISBN/ISSN journals
- Participation in NSS and NCC activities at State and National levels
- Coaching and study material for PG CET and other competitive examinations
- Involvement in group discussions, debates, elocution, JAM sessions, and poster presentations
- Training in soft skills and career guidance programs
- Participation in job melas organized by the institution and other organizations
- Encouragement to participate in academic, cultural, and sports competitions at various levels
- Engagement in community service projects for social awareness
- Provision of industry internships for practical exposure and skill development

Special programs organized for slow learners: The institution adopts several supportive measures to improve the performance of slow learners:

- Conduct of bridge courses at the beginning of the semester to bridge knowledge gaps
- Bilingual teaching (English and Telugu) for better comprehension
- Spoken English classes to improve language proficiency
- Provision of online and offline study materials
- Daily supervised study hours for hostellers with special focus on slow learners
- Encouragement to present seminars and complete assignments
- Remedial coaching to strengthen subject understanding
- Periodical slip tests for continuous evaluation
- Use of ICT-enabled teaching methods to enhance understanding and retention.
