Objectives:

Research is a core element of the higher education and its promotion reflects both in the vision & Mission statements of the college. The objectives of Research Promotion Committee are:

- Establishment of the research facilities in the college.
- Resource Mobilization for research.
- To send proposals for National/International Seminars, Workshops, Conferences to various funding agencies UGC, RUSA, DST, CSIR, ICHR etc.
- To send proposals for Minor & Major research projects to UGC.
- Compliance of the research ethics.
- Academic, Research and Industrial collaboration.
- Outreach programmes for society and industry.
- To review the progress of the research activities.
- Incentives and awards for research achievements.
- Innovative Eco-system.

The Institution provides research facility for the smooth progress and implementation of research projects. Research proposals are sent to the UGC in time. The Individual lecturers have liberty to apply for UGC Research projects major and minor and DST, RUSA. Technological and moral support is always provided by the Institution. To inculcate scientific zeal in the young minds of women students, field trips, science exhibition, study tours, seminars, workshops, projects, presentations are organised to the students. Project based learning is encouraged and students' study projects are conducted. Ideas are brain-stormed in the classrooms. Lecturers motivate the students to undertake research work after completing P.G with the focus on capacity building in terms of research and to imbibe research culture among the students. Conducted four awareness programmes on research methodology by inviting eminent personalities from various universities/ colleges to create research knowledge among staff and students. Each activity is made available college website and accessible to all the stakeholders of the institution.
