9.10: Letter Grade:

Examination & evaluation process conversion of Credits into Grades on 10 Points Scale

Letter Grade	O (outstanding)	A+ (excellent)	A (Very Good)	B+ (Good)	B (Average)	C (Pass)	F Fail	AB (Absent)
Grade Point	10	9	8	7	6	5	0	0
Score	90-100	80-89	70-79	60-69	50-59	40-49	< 40	AB

9.11: Approval of Grade Sheet and Transcript formats designed under CBCS & Computation of SGPA and CGPA:

In CBCS pattern Credits, Grade Letter and Grade Points are given for computation of SGPA & CGPA. Total earned points and classification of results Grade Sheet was introduced for all the semesters. The Transcript format is provided in Annexure. It is submitted to Academic Council for discussion and approval.

The UGC recommends the following procedure to compute Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA) :

- i. The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student, i.e.

$$SGPA (S_i) = \sum (C_i \times G_i) / \sum C_i$$

Where C_i is the number of credits of the i^{th} course and G_i is the grade point scored by the student in the i^{th} course.

- ii. The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a programme, i.e.

$$CGPA = \sum (C_i \times S_i) / \sum C_i$$

Where S_i is the SGPA of the i^{th} semester and C_i is the total number of credits in that semester.

- iii. The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts.

Item No. 10: Assessment of Students Performance

All III-year UG programmes are conducted on continuous assessment manner in theory and practical, two internals and one external in theory and practical in the following manner:

There are two ‘**Continuous Internal Assessments (CIA)**’ for 25% of the total marks per course. One End Semester Examination (ESE) for 75 % of the total marks of the said course.

The assessment of theoretical component should be undertaken by the external examiner from outside of the College. In case of project work it should be undertaken by the internal as well as external examiners. It is submitted to Academic Council for discussion and approval.

Item No. 11: Continuous Internal Assessment:

The principal will request the concerned Departments to hold a special CIA Test (of one or more courses) for a student, within the same semester, under the following circumstances.

If the Principal allows a student to represent the College at or to participate in some event (academic / cultural / sports / NCC / NSS) and this causes the student to miss a CIA Test. (Note: The concerned event could be either a couple of weeks prior to or during the CIA period).
