GENDER SENSITIZATION PROGRAM

PROGRAM PRESIDENT : DR.P.SUBBALAKSHUMMA, PRINCIPAL

PROGRAM SPEAKER : C.ASWINI, CONVENER, SAKHI CENTER

CONVENED BY WOMEN EMPOWERMENT CELL

PARTICIPATED STUDENTS : 70

Gender sensitization is the basic requirement to understand the sensitive needs of a particular gender. It helps us to examine our personal attitude and beliefs thus questioning the realities that we thought we knew. Educational institutions instills thoughts and corrects perceptions (if need be). Education enables the development of a more democratic society which can be crucial to changing attitudes into accepting gender equality as a fundamental social value.

To facilitate a gender sensitive environment 'Women Grievance Cell' also deals with cases of complaints where face to face interaction and counseling resolves issues.

PRINCIPAL MESSAGE : Honorable principal guided the students for strengthening their education, adopting social and ethical values, and get equal opportunities in society.

Sakhi center- Sakhi centres are the long awaited intervention to provide prompt and responsive service delivery to women in distress. After the Centre's directive to set up Sakhi centres, the Department of Women Development and Child Welfare roped in Tata Institute of Social Sciences (TISS), Hyderabad, as its knowledge partner. It signed an MoU in 2017 to set up, monitor and strengthen the functioning of OSCs and provide victim-centric approach and counselling. TISS identified and selected NGOs based on their credibility, experience in dealing with gender-based violence as implementation partners for running the centres.

SAKHI Convener message : Awareness on women problems received by center. How the team members supports for victimized persons with police protection, medical support, legal support
